Bob Jones, President, Landscape Construction

Division, presents the Clyde Vadner Merit Award to April Rose, Operations Manager, Texas Landscape Construction Branch.

The Clyde Vadner Merit Award recognizes the individual who has contributed continuous, consistent, long-term hard work, dedication and job skill that has helped to shape the company. This year's recipient is April Rose, operations manager in our Texas landscape construction branch, who has been with Ruppert for over 11 years.

"April is an incredibly dedicated, hard-working and loyal employee," said Bob Jones, president of the landscape construction division. "As evidence of this, she recently relocated from Virginia to Houston to help manage operations in the Texas branch. She has a keen eye for detail and knows how to get the job done. She has been instrumental in the success of some of our largest projects and we are grateful for her many contributions."

"The Raleigh branch achieved 92% customer retention and outstanding profit in 2019, and broke division records in both contract growth and sales growth,"

"In 2019, the Alexandria branch broke multiple division records, including a new highwater mark for profit margin, while maintaining an exceptional contract renewal rate, which is indicative of the team's focus on providing great customer service," said Tom Barry, president of the company's landscape management division. "All of these accomplishments are admirable in and of themselves, but none of this would have been possible without the exceptional teamwork this group has exhibited. That's why it was important to us to recognize the entire team, and not just one individual as we do with the Achievement and Merit awards."
