ORLANDO, Fla. – Yellowstone Landscape, headquartered in Palm Coast, Florida, has acquired [Ackman Bros. Landscaping](#), based in Orlando. Founders Kevin and Jason Ackman, who founded Ackman Bros. Landscaping in 1996, have joined the [Yellowstone Landscape](#) team.

Their company provides full service commercial landscape maintenance services to resorts, homeowner associations, multi-family communities, and commercial properties across Orlando and Central Florida; offering grounds maintenance, irrigation optimization, landscape enhancement and seasonal color installations.

“We’ve had several opportunities to partner with larger landscape companies over the years. We wanted to find a partner that shares our philosophy about how we serve our clients, and that has the capabilities to continue delivering services at the level our clients demand,” Ackman Bros. President, Kevin Ackman said.

“We’ve found that in Yellowstone Landscape. They bring superior systems and support resources to our business, which will better enable us to focus on serving our clients.”

Yellowstone Landscape CEO, Tim Portland, added: “We are thrilled to have Jason and Kevin Ackman join our team, and to expand the portfolio of world class properties that we have the privilege to serve. Yellowstone and Ackman share a belief that our clients deserve personalized service and communications. We also share the same demanding standards and superior results for our clients’ properties. The combined strengths of our businesses will raise the bar on the quality of landscape services in the Central Florida market.”
